Sake

Sui Umeshi (8cl) 11
Sake with ume (Japanese plums). The ume are macerated in sake for six months to give it softness. In addition, twice as much ume is used as in industrial sake, which ensures a pure but intense taste, with sour-sweet flavours.

Azuma Rikishi (8cl) 10
The Japanese limoncello. The typical yuzu citrus fruit is characterized by a fantastic fresh aroma and a little bit of bitterness. This sake is sweetened with honey from own production, instead of the cane sugar used by most producers, and this provides a beautiful drinking experience. Fresh but light, everything you expect from an ideal digestif.
